## Education

**NADIMPALLI SATYANARAYANA INSTITUTE OF TECHNOLOGY**

**2022 – 2026**

*Bachelor Of Technology In Electronics And Communication Engineering*

*Visakhapatnam, Andhra Pradesh*

## Career Objective

Aspiring full stack developer seeking a remote opportunity to build innovative web applications while expanding my knowledge in modern frameworks, backend technologies, and scalable architectures.

## Relevant Coursework

- Data Structures
- Algorithms
- Web Technologies
- Full Stack Development
- Advanced Programming in C++
- Development with Django

## Experience

- Designed and implemented full stack solutions using **Django** for backend and **HTML,CSS,JavaScript** for frontend, following modern development standards.
- Developed and deployed **Full Stack Tutorial Platform**, an interactive tutorial platform with structured content, quizzes, and user authentication, optimized for both desktop and mobile.
- Integrated REST APIs, implemented secure database operations, and optimized performance to enhance user experience and reliability.
- Collaborated on end-to-end feature development, including UI design, backend logic, and deployment workflows, using Git for version control and agile methodologies for efficient project management.

## Academic Projects

**Full Stack Tutorial Platform**  | *Django, HTML, CSS, JavaScript, SQLite*

**06/2025 – 07/2025**

- Built a responsive tutorial platform offering structured content, interactive quizzes, and a clean UI/UX.
- Implemented secure authentication, database-driven content management, and API integrations.
- Deployed on **Render** for global accessibility and optimized for both desktop and mobile devices.

**ToDo**  | *Django,HTML,CSS*

**06/2025 – 07/2025**

- **Developed a ToDo web application** using Django, implementing full CRUD (Create, Read, Update, Delete) operations with user-friendly interfaces for task management.
- **Implemented secure database models and form validation**, ensuring smooth data handling and consistent user experience.
- **Leveraged Django's built-in admin and ORM** to streamline data management and backend operations.

## Technical Skills

**Languages:** C++, Python, HTML,CSS, JavaScript

**Developer Tools:** VS Code

**Technologies/Frameworks:** Django, GitHub

## Certificates

**Full Stack Developer Bootcamp** 

**Python Programming Masterclass** 

**Web Development Course** 

**C++ Course Online**
